

Planning to sky rocket your career?

Greetings from Managementoring Services

A Bangalore-based Classroom PMP Coaching Center

We are launching a unique offering for success with the PMP Exam Credential for project managers who

Find a week-end training class for this purpose too challenging because of the fatigue factor and other challenges with sacrificing personal/family time

Are unable to be away from their project for 4/5 continuous days to attend a PMP-prep class

Prefer to learn and digest the PMP Exam curriculum in a systematic and guided manner to ensure success with this exam

Believe

The PMP Certification (pre-exam preparation class) is an excellent means of gaining exposure to holistic project management knowledge which can be applied immediately in the workplace

Prefer

To attend a pay-as-you-learn class and decide what aspect of the PMP curriculum needs to be learned in a classroom environment.

Please send your queries to info@managementoring.com
To reserve your session(s) call / sms Kavita at +91 82773 93111

Thank you for your time!
