About us

POOJA's Language Centre emerged as a mere hobby towards teaching and with the economic globalization, demand for an additional language increased with times. We have been teaching German language to students & professionals since 2006.

Our mission is to enhance the understanding of languages and its business and regional culture to students & professionals from various streams and industries.

All the languages programs at POOJA's Language Centre have been designed by the Founder - Mrs. Pooja Shah. She has more than 9 years of experience in teaching and conducting corporate training programs.

We also partner with Corporate and Education Institutes for Language Learning which develops youth to be globally competent citizens and leaders by equipping them with the knowledge and skills needed for success in an increasingly interconnected world.
