

## Chemistry chapter -1

### Unit Test

**Write down the long answers for the following: - 5x4 =20**

1. what are the physical nature of matter write in brief?
2. write down the states of matter?
3. Describe the characteristics of particle of an matter?
4. write a brief note on Evaporation with factors affecting evaporation with example?

**Write a short note on the following:- 3x2=6**

- 1.Suggest a method to liquefy atmospheric gases?
2. For any substance why does the temperature remain constant during the change of state?
3. what is matter?
