

IMAGE MANAGEMENT

ONE-ON-ONE consultation	Duration	Description
Image scope	1hr	Before finding solution to any problem, it is important to identify the problem. Image scope includes a need analysis by understanding the status of the client in terms of Image Management and then identifying the areas to work upon
Look the part	2.5 hrs	In today's competitive professional world, it is essential to look the part. Many a times even the most deserving candidates do not get the next level as they don't look ready for the role. Appropriate dressing is all about understanding the messages that need to be sent keeping in mind your roles, goals and occasion.
Style your shape & Shape your style	2.5 hrs	Looking attractive is a basic human need. What most people don't understand is that it is not about what you wear but how you wear. Understanding your body shape and then countering and repeating techniques to manage body variations is what makes one look attractive. It includes body shape evaluation and suggestions on dressing as per the same to present the best you.
Wear your colour	2.5 hrs	Color plays a crucial role on looking attractive. One must be in colour harmony which is a factor of first understanding your personal colours of skin, eyes and hair followed by fashion colours that will accentuate your personality. Evaluating your personal color and then recommending harmonious color combinations will be our key focus area.
Personal Shopping services	As per requirements	A smart shopping experience which guides you on what is right as per the role and the goal. **The facility can only be availed post we've completed image management evaluations.
