## About Krishna Consultants

### Your Mentor for all your Overseas Education Needs

Krishna Consultants is one of the leading Overseas Education Consultants of India, Sri Lanka and Nepal. We are a one stop solution for students aspiring to study abroad. With representations of numerous universities of world repute, we have been carving out success stories since the past two decades. Our internationally trained country counselors and experienced advisors have helped thousands of students enrich their lives and realize their dream of studying overseas.

We provide comprehensive and methodical counselling on overseas education to all our students. They are able to have an unparalleled experience of complete handholding and guidance comprising of coaching, admissions, visa processing and post visa support, all under one roof. Our counselors are equipped with sophisticated tools and resources to provide updated and relevant information. This helps students make informed decisions in choosing the right country, university and program, thus meeting their educational and career needs.

We have gained vast expertise through the years and will help you choose a university and program of your choice, a degree that will make you globally employable and a learning experience of a lifetime.

### KC's Competitive Edge

**20 years** of industry presence with operations across India, Sri Lanka and Nepal

**15,000+** students successfully recruited to universities abroad

**650+** University representations across **29** countries

**80+** represented universities amongst the top **500** in the world

**10** Global Accreditations and Recognitions

# Steps to Study Abroad

- Select the Country, Program & the University**  
 Meet our expert counsellors at Krishna Consultants and share your educational and career plans with us. We will evaluate your academic profile and suggest country, program and universities best suiting your career aspirations.
- Take the necessary Tests**  
 Prepare for and appear for the standardized admission tests under expert guidance of our veteran faculties. You may need to appear for English language proficiency tests like IELTS, TOEFL or PTE or other tests like GRE/GMAT/SAT/ACT depending on the country and the university you choose to study from.
- Apply to your Preferred Universities**  
 We do a complete hand holding while you apply to your preferred universities. We provide assistance for drafting Statement of Purpose, guidance on getting Letters of Recommendation and assistance in filling error free application forms.
- Receive and accept Offers**  
 After processing applications, you start receiving offers from the universities. At this stage, we help you in finalizing a university suiting your requirements.
- Get the Visa Documents ready**  
 On finalizing the university, we assist you in structuring your case financially. Thereafter, we will help you prepare visa documents depending on the country for your student visa.
- Apply for a Student Visa**  
 At this final frontier, we will prepare you for the student visa interview, if required, and assist you in lodging your visa application as well.
- Attend the Pre-Departure Session and Fly Abroad**  
 On successfully receiving the study visa, we arrange for a Pre-Departure session to share important information like the list of documents and other essential items to be carried, accommodation options, visa regulations, travel insurance, foreign currency, etc.

## Test Preparation

Degrees	Program Duration	Entry Requirement
Associate Degree	2 years	Degree offered by Community Colleges which require 12 years of prior Academic Education.
Undergraduate Degree (Bachelor's Degree)	4 years	Degree offered by Universities which require 12 years of prior Academic Education.
Graduate Degree (Master's Degree)	2 years	Bachelor's Degree in the relevant field
PhD	3 years after Master's or 5 years after Bachelor's	Bachelor's / Master's Degree in the relevant field

The United States has been the most preferred choice of international students for decades and boasts of a lion's share of top ranked universities across all the major international rankings. It has one of the world's finest education systems with excellent programs across all disciplines at undergraduate and postgraduate levels. The educational institutions offer great flexibility in choosing programs. They are very welcoming to international students and offer excellent support services to adjust and live comfortably. Studying in the U.S. offers an opportunity to meet, share and compete with the best brains in a multicultural environment. The qualifications awarded by U.S Universities are recognized throughout the world for their academic brilliance.

## Scholarships and Assistantships

American Universities grant scholarships to international students based on their merit, exceptional achievements or outstanding scores in standardized tests. Majority of students studying in the U.S. are able to receive financial assistantships, teaching assistantships, graduate assistantships, full or partial tuition fee waiver, paid internship and can also earn by working part time while studying.

# Study in Canada

Canada - setting High Standards of Education

## Canada at a Glance

Canada is one of the most industrialized countries of the world and has been consistently ranked amongst the most stable economies. A small population in a vast, resource rich, technically advanced country means very high employability rates and a great demand for skilled professionals.

## Quality Education

Canada has a significant position among the world's foremost study destinations. The quality of education imparted by Canadian educational institutions are at par with the best universities in the world. Every province has its own established system of quality assurance for higher education. It offers a plethora of course options ranging from undergraduate diplomas to master's degrees which makes it one of the most preferred study destinations in the world.

## Affordable Education

The quality of education and living standards in Canada are amongst the highest in the world but the tuition fees and cost of living for international students are one of the lowest as compared with the other English speaking countries.

## Safe and Peaceful Country

The United Nations has consistently ranked Canada as one of the best places to live in. Three Canadian cities viz. Vancouver, Toronto and Calgary fall under the top 10 "Most Liveable Cities" of the world. International students in Canada enjoy the same freedom and social benefits that are offered to Canadian citizens.

## Employment and Immigration Opportunities

Students can avail the benefit of part-time employment opportunities while studying in Canada. Many colleges also provide paid internships as part of the courses being offered by them. On completion of their studies, international students normally find it easy to get employment in top companies and subsequent possibility of permanent residency makes Canada a lucrative study destination.

## Canadian Education System

At the post-secondary level Canada has a range of educational institutions comprising of Universities, Community Colleges and Private Technical Institutes which offer qualifications in the form of certificates, diplomas, undergraduate and postgraduate degrees in almost every area of study.

## Academic Year

Program	Intake
Bachelors and Masters at University	Fall-September Winter-January
Diploma at Colleges	Fall-September Winter-January Summer-May

## Cost of Education and Living

The approximate cost of education and living vary from CAD 25,000 to CAD 35,000 per year depending on the program, university and location.

## Post Study Work Visa

1-Year Program	1 Year
2-Years Program	Up to 3 years

## Part Time Job Opportunities

International students are allowed to work part-time (20 hrs. per week) during study time and full time (40 hrs. per week) during vacations.

# Australia

## Study in Australia

**Australia:** The right choice to Study Abroad

-  **9 out of top 100 Universities in the world are in Australia**
-  **Wide range of UG / PG courses available in all fields**
-  **Scholarships and Assistantships**
-  **Post Study Work Visa for 2 years**
-  **High Visa success rate**

Australia has gained immense popularity among international students as an ideal study destination. It promises to offer all international students high quality education.

It also fulfils all other expectations of students that makes studying and living in Australia a unique experience.

International students prefer to study in Australia for its flexible entry criteria and easy access to high ranked universities. Study schedules allow students to manage their curriculum, research and part-time employment with ease. Its multi cultural society with a safe learning environment offers a home away from home making study in Australia an experience of a lifetime.

### Global Recognition

Employers all over the world recognize degrees from Australian universities due to their high international rankings and global accreditations of their programs.

### Diversity of Education

Education Institutions of Australia are renowned for offering a wide variety of courses and programs. This makes it easier for the international students from varied backgrounds to find programs suiting their academic and professional goals.

### Technology

Australian Universities are at the forefront of employing cutting edge technologies in the classrooms, workshops and laboratories providing state-of-the-art facilities to their students.

### Scholarships

The Australian government invests more than AUD 200 million annually on international scholarships and deserving students can immensely benefit from these scholarships.

### Cost of Education and Living

The approximate cost of education and living vary from **AUD 35,000** to **AUD 50,000** per year depending on the program, university and location.

**Admit**  
New York University  
**Course**  
MS Management

*Krishna Consultants were a great help throughout my application process for the US. They helped me through GRE test taking strategies, application procedure, statement of purpose, visa assistance, etc. Their guidance helped me to get an admit in the course and university of my choice. I would strongly recommend Krishna Consultants to everyone looking for thorough guidance on US course and university selection.*

**Suyash J. Muley**  
**Admit**  
University of Adelaide  
**Course**  
Master of Engineering (Mechatronic Engineering)

*I had been searching for this course since a long time and had finalized Australia as the destination. Before visiting Krishna Consultants, I had hired a different agent but I wasn't happy with their services and felt deceived when I found that I do not need to pay application fees which they taken from me as a compulsory procedure. That day, I decided to switch the agent and visited KC. All my applications were processed within a day and the journey from application to receiving a Visa grant has been amazing, I am grateful to them and strongly endorse KC to all who seek to study abroad.*

**Tanishka Grover**  
**Admit**  
University of Waterloo  
**Course**  
(BA) Honours Recreation and Leisure Studies

*I would like to thank Krishna Consultants for helping me with my process for Canada and Visa. The team was very kind and helpful and always responded very quickly. They helped me get one step closer to my goal and to my Dream University. Thank you!!*

**Vaidehi Naikwade**  
**Admit**  
University of Manchester  
**Course**  
MSc Business Analytics

*I would like to thank Krishna Consultants for the great help. Krishna Consultants helped us for not only application process but also shortlisting high ranked universities. They helped me at each and every step of application and visa process. Here I came for taking admission in University of Leeds (QS world ranking #97) but ended up taking admission in University of Manchester (QS world ranking #29). So a very very thank you to Krishna Consultants.*

*It was a wonderful journey!!*

**Nikita Duggal**  
**Admit**  
University College Dublin, Ireland  
**Course**  
MSc Computer Science

*I wish to thank the entire team of KC for assisting me to fulfill my dream to do MS in Computers from an international university. Their guidance acted as a catalyst in my admission process and today I am a proud postgraduate from UCD. It was they who convinced me to seek admission in Ireland at University College Dublin. UCD team also were very helpful right from orientation to internship. Ireland is a small though lovely place to live in and the people here are also very caring. My journey was very smooth and I hope many more will take your assistance in fulfilling their dreams.*

## Test Preparation for Study Abroad
