I have studied under Ashwin's Sir's tutouship for 4 months. The first that I observed in him was his patience. He also teaches in a manner which is easy to understand. He taught me a systematic way of studying which has helped me in improving the quality of my study sessions and me as a student. I shall going to follow it for the rest of my studies.

Sir is very knowledgeable, friendly and frank.

He also treats me as a team^mate. For his future students, my message is that his system ~~work~~ works only if you follow it properly. It is easy to follow with sufficient time for breaks. In between this break please stay "SHARP".
