Tally can fullfill accounting & inventory requirements of customers, small, medium and Large scale industries. Tally package is using over 100 countries.

Tally History

Tally package was co-founded by Shri Shyam Sundhar Goenka and Shri Bharath Goenka. Shyam Sundhar Goenka moved to banglore from Kolkata in 1980's. They used to sell raw materials and machinery to textile mills. Shyam Sundhar Goenka was unable to find better solution to generate accounting and inventory reports in simple manner. The accounting packages were at that time more complex and had coding also.
