WHAT OUR STUDENT SAYS

I am Rajan, I attended AngularJs Training at Crest Infocom. I am Basically from Java background. I want to enhance my career in AngularJs. My Friend suggest me for this course. I am really happy to say that I got offer from CTS within duration of course completion. I want specially saying thanks to the "Crest Infocom" team and specially the trainer Mr. Deepak sir who personally put attention to each and every students. He knows what is the current market demand and accordingly he trained to all of them.

Rajan Wadhawa -
CTS, Bangalore

"What i liked most is .. Our Trainer filled the gap between Theory & Practical. Now, I can design & present my thoughts very well, through Website Designing. Thanks & Kudos to the Trainer !! "
