

Demo Videos Link

Hi,

I am Vishnu Sharma and I have been tutoring class XI and XII Maths students for last 6 years. Also, I have created few demo videos for you to view my style of teaching. Below you can find, the links to demo videos prepared by me for Mathematics topics of class 11th and 12th. It covers the entire syllabus of the CBSE board. The tutorial imparts the conceptual knowledge of the topics with relevant examples and ample exercises. If these demo suits your requirements, then do connect with me.

The videos can be used :

- 1) to serve as demo videos to understand the style of the tutor.
- 2) to provide stimulus to start the topic.
- 3) to understand how to approach a problem.

Topic : Matrix (Class 12) Lecture 1 (Hindi)
