

****Yagnesh B****

Second-Year B.Tech | Mechanical Engineering (Robotics & Automation)

Shiv Nadar University, Delhi NCR

About Me

I am Yagnesh B, a passionate tutor and a second-year B.Tech student specializing in Robotics and Automation at Shiv Nadar University. With over a year of teaching experience, I've had the privilege of working with five students in a one-on-one setting, each of whom has rated me *five stars* on UrbanPro. My focus is to make complex topics easy to understand, helping students achieve academic excellence with personalized learning approaches.

Why Choose Me?

As a student deeply immersed in the field of Robotics and Automation, I bring current, real-world knowledge into every session. My teaching philosophy is centered around clarity, practicality, and customization. Whether you're struggling with challenging concepts or looking to excel beyond the syllabus, I provide focused support tailored to your learning style and pace.

How to Get Started

1. ****Demo Class****

- Duration: 35 minutes

- ****Introduction (5 mins)****: A quick session to understand your needs and goals.

- ****Teaching (30 mins)****: I will cover a chapter of your choice or recommend a topic to give you a feel of my teaching approach.

2. ****Admission Process****

- After the demo, we'll have a ****20-minute consultation call**** where we will discuss your academic goals, expectations, and fee structure.

- Once we align, I will send over the terms and conditions via email and WhatsApp. Upon your confirmation, we can begin regular classes.

Contact Me

If you're looking for personalized, high-quality tutoring on CBSE and State Boards.

- For Class 11 and 12, I specialize in Mathematics, Physics, and Chemistry.
- For Class 9 and 10, I teach Mathematics and Science.
