

RBI Grade B 2025 Preparation Strategy

Preparation Strategy: RBI Grade B Phase 1 & 2

- Study sequence:
 1. When you start with your preparation, **take at least 3 mocks** of both Phase 1 and 2 to **identify your strong and weak areas**. Scores < 50% shall be considered weak.
 2. **Create a Study Timeline**, i.e., divide your preparation time into week-wise phases. Pick out 2 subjects at a time, one that you are strong at, and another you are weak at.
 3. Brush up on Current Affairs: If you have limited time, start with current affairs when you are done with at-least 50% of your syllabus. Do not begin your preparation with the current affair.
 4. Practice Writing: Attempt a test of Phase 2 FM or ESI and Essay every week to **improve your writing skills**.
