Examiner's Comments

Your strengths today include a very good sense of timing shown essentially across your exam. You also demonstrated a distinctive accuracy of the written music as well as understanding and communication of musical style as shown in your solo for Dirt Wizard which was musically varied and inventive as well as featuring appropriate techniques. Areas for further development include some refinement to your production of sound in the Technical Exercises, such as unwanted staccato articulation in Group A. Also recommending some enhancement to your accuracy, understanding and communication of the music in Carbon Footprint as the fills in Group B were omitted today (look to include commensurate content here). Thank you for sitting a Rockschoool video exam. In summary, this was a highly meritable performance overall at Grade 4.
