

PASSION STUDIES RESEARCH METHODOLOGY COURSES

Course Instructor: Mr. Dikshant Sharma (B.A Hons., M.A, CHR, Adv. Diploma G&C)

Currently Designated: Field Expert (MV) – Substance Abuse Prevention (NMBA), Ministry of Social Justice and Empowerment, Govt. of India

PART – 1: Basic Level Research Methodology Course

Duration: 1 Month

Fee: ₹5000

Mode: Online (Google Meet/Zoom)

Class Schedule: Monday to Saturday, 1 Hour per Day (Flexible Timings Based on Student Availability)

Course Overview:

Week	Topics	Details
1	Introduction to Social Science Research	Understanding research nature, purpose, and scope.
2	Research Fundamentals and Designs	Concepts, terminologies, and research designs.
3	Data Collection Techniques	Surveys, interviews, focus groups, and observations.
4	Scaling Techniques and Research Paper Writing	Types of scales, writing structure, and methodology.

Detailed Syllabus:

Week 1: Introduction to Social Science Research

- **Overview of Social Science Research:** Nature, purpose, and significance.
- **Types of Research:** Qualitative vs. Quantitative.
- **Research Paradigms:** Positivism, Interpretivism, and Critical Theory.

Week 2: Research Fundamentals and Designs

- **Research Designs:** Experimental, Correlational, and Descriptive.
- **Formulating Hypotheses:** Crafting testable and measurable hypotheses.
- **Literature Review:** Conducting a comprehensive review and identifying gaps.

Week 3: Data Collection Techniques

- **Primary Data Collection:** Surveys, Interviews, and Focus Groups.
- **Secondary Data Analysis:** Using existing data sources.
- **Data Collection Challenges:** Common issues and solutions.

Week 4: Scaling Techniques and Research Paper Writing

- **Scaling Techniques:** Nominal, Ordinal, Interval, and Ratio.
- **Research Paper Structure:** Introduction, Methodology, Results, Discussion, Conclusion.
- **Ethical Considerations:** Ensuring ethical compliance in research.

Materials Provided:

- Detailed Course Notes
- Assignments
- Supporting Materials
- Extra Informative Content

Assessment:

- **Weekly Tests:** Conducted every Friday to assess understanding and progress.

PART – 2: Advanced Level Research Methodology Course

Duration: 1 Month

Fee: ₹5000

Mode: Online (Google Meet/Zoom)

Class Schedule: Monday to Saturday, 1 Hour per Day (Flexible Timings Based on Student Availability)

Course Overview:

Week	Topics	Details
1	Applied Research Techniques	Hands-on experience in writing and field research.
2	Advanced Research Paper Writing	Drafting, revising, and presenting research findings.
3	Field Data Collection and Statistical Tools	Primary data collection and basic statistical analysis.
4	Advanced Research Design and Ethical Considerations	Complex research designs and ethical issues.

Detailed Syllabus:

Week 1: Applied Research Techniques

- **Research Paper Writing:** Advanced techniques for drafting and revising.
- **Field Research:** Planning and executing field research projects.

Week 2: Advanced Research Paper Writing

- **Paper Structure:** In-depth exploration of sections.
- **Data Interpretation:** Techniques for analyzing and presenting findings.

Week 3: Field Data Collection and Statistical Tools

- **Data Collection Methods:** Surveys, Interviews, and Observations.
- **Introduction to Statistical Tools:** Basic statistical techniques and software.

Week 4: Advanced Research Design and Ethical Considerations

- **Complex Research Designs:** Longitudinal, Case Study, and Experimental Designs.
- **Ethical Issues:** Advanced considerations and best practices.

Materials Provided:

- Detailed Course Notes
- Assignments
- Supporting Materials
- Extra Informative Content

Assessment:

- **Weekly Tests:** Conducted every Friday to evaluate knowledge and application skills.

About the Instructor

Mr. Dikshant Sharma

(Founder of PASSION STUDIES)

Expertise:

- Sociology
- Human Rights
- Gender Studies
- Drug Abuse Prevention
- Sustainable Development
- Climate Change
- Environmental Sociology
- Research Methodology
- Public Health
- Demography
- Rural and Urban Studies
- Historical Sociology

Achievements:

- Extensive research publications at a young age.
- Recognized expertise in multiple social science fields.
