**Examples of the futuro simple in use**

When talking about a future action, the best way to translate from Spanish to English would be to add will or shall before the infinitive verb. In some cases where it is used to talk about possibility or probability, it makes sense to use might, may or must. Here are some examples of the future simple tense:

*Jugaremos fútbol mañana por la mañana.* (upcoming future action)  
We will play football tomorrow morning.

*Ella hablará con sus padres esta tarde.* (upcoming future action or intention)  
She will talk to her parents this afternoon.

*¿Quién será él?* (wonder or probability)  
I wonder who he is? (Who could he be?)

*Encontraré una casa bonita!* (prediction)  
I will find a beautiful house!

*Tendréis hambre después de ese viaje tan largo.* (probability)  
You must be hungry after such a long trip.
