

# Structured Preparation Strategy for CAT, XAT, NMAT & Other OMETs

Target: 98+ Percentile | Syllabus Completion by June

---

## Program Timeline

- **Program Start:** 1st January
- **Syllabus Completion:** By June
- **Mock & Optimization Phase:** July – October (4+ months)

Early syllabus completion ensures sufficient time for **mock-based improvement**, which is essential for aspirants targeting **98+ percentile and top B-schools**.

---

## Class Structure & Delivery Model

Designed for **working professionals and college students**.

- **Weekday alternate-day batches:** MWF or TTS
  - **Dedicated weekend batches** for professionals who cannot attend weekday classes
  - **Session duration:** 1 hour
  - **Flexible timings:** Morning or Evening
  - **Available formats:**
    - **One-on-One personalized mentoring**
    - Small group classes (maximum 3 students)
- 

## Why Prefer One-on-One Classes Over Large Group Classes?

Large batches often move at a fixed pace, leaving individual gaps unaddressed.

**One-on-One classes offer a clear strategic advantage:**

- **Personalized learning plan** based on your strengths and weaknesses
- **100% focused attention** on your problem areas
- **Flexible scheduling** as per work or college commitments
- **Faster doubt resolution** and concept clarity
- **Customized exam strategy** for CAT, XAT, NMAT & OMETs

- ✓ Ideal for aspirants who want **efficient preparation, not generic lectures**.
- 

## Live Class Recordings & Written Doubt Solutions

- **Live class recordings will be shared for download after the class ends**
  - Watch anytime, at your convenience
  - **Written solutions for all doubts will be provided**
  - Doubts will be **discussed in the next live session if required**
  - Ideal for **working professionals & college students**
- ✓ **1-hour alternate-day classes ensure preparation without affecting your routine**
- 

## Academic Focus Areas

Focused preparation in **Quantitative Aptitude and LRDI**, aligned with **CAT, XAT, NMAT, and other OMETs**.

- Concept mastery with exam-oriented application
  - Smart question selection and time management
  - Accuracy and speed enhancement
  - Real exam-level problem-solving exposure
- 

## Phase-wise Preparation Framework

- ◆ **Phase 1: Concept Building & Guided Practice (January – March)**
    - Strong fundamentals in Quantitative Aptitude & LRDI
    - Topic-wise practice with mentor feedback
    - Continuous performance tracking
- 
- ◆ **Phase 2: Advanced Application & Previous Year Papers (April – June)**
    - High-level problem-solving and sectional tests

- Mixed-question practice
  - **Complete syllabus by June**
  - **Detailed solution and discussion of Previous Year Papers (CAT, XAT & other OMETs)**
- 

### ♦ **Phase 3: Mock Tests & Score Optimization (July – October)**

- 25–40 full-length online mocks
- In-depth mock analysis
- Exam-specific strategies
- Continuous weak-area correction

📌 **4+ months of mock practice is mandatory** for achieving a **98+ percentile**.

---

## 🎓 **MBA / PGDM Profile Building (Parallel Process)**

- Profile evaluation and improvement roadmap
  - Application and form-filling guidance
  - College shortlisting aligned with profile strength
- 

## 💰 **Fee Structure & Payment Flexibility**

- **Affordable fee structure**
- **Flexible payment options:**
  - Pay per class
  - Weekly payment
  - Monthly payment

- ✓ Transparent pricing with **no long-term binding**
  - ✓ Designed to suit students and working professionals
- 

## 🚀 **Strategic Advantage**

Most aspirants start late, rush preparation, and settle for average colleges.

This program ensures:

- Timely syllabus completion
- Structured use of Previous Year Papers

- Adequate mock practice duration
- Parallel profile enhancement
- **Personalized attention throughout the journey**

👉 **A focused, flexible, and result-driven approach for aspirants targeting top MBA colleges.**
