

## **Problem**

Thousands of nursing graduates struggle to pass the NCLEX-RN exam due to lack of structured training, outdated study methods, and poor understanding of clinical judgment required in the NextGen NCLEX.

## **Solution**

Medline Academy provides structured, concept-based NCLEX-RN training with live interactive classes, bilingual teaching, and exam-focused strategies aligned with NextGen NCLEX standards.

## **Target Market**

Primary: Nursing graduates in Kerala. Secondary: Nurses across India aiming for global licensure in USA, Canada, and Australia.

## **Business Model**

Course-based revenue model with scalable online live classes and digital expansion across India.

## **Traction**

Trained thousands of students with consistent success outcomes and strong word-of-mouth growth.

## **Competitive Advantage**

Live teaching, NGN focus, bilingual approach, concept-based learning, and strong mentorship model.

## **Team**

Ainstin S Dennis – Founder & Lead Educator Tincy Mathew – Co-Founder & Academic Director

## **Vision**

To become a leading global platform for NCLEX-RN training and empower nurses worldwide.
