STUDENT FEEDBACK

Heartfelt words from my amazing students

Razia Ma'am is one of the **Best Bio** tutors who has taught me. She has immense knowledge in Biology. I owe her my class 12 grades. She started teaching me during Class 12. I was an average student in class 11. I was struggling with Biology and barely managed to pass class 11. But in Class 12, when Razia Ma'am started teaching me, my marks increased a lot. (I got **48** in Class 11 finals and **76** in class 12 half yearly). I realised what I lacked in class 11 was proper guidance and I did not have clear concepts. In class 12 Ma'am used to take frequent tests and all my concepts were clear too, thanks to Ma'am. I would **highly recommend** a student who is struggling with Biology and who wants to improve, to study under Ma'am's Guidance. Surely you will succeed.

Ma'am I am pleased to say I have scored 100 per cent in Biology in CBSE 12 Boards and 99% in best of 5. All this has been possible for your continuous guidance and support throughout my +2. You have always been a great inspiration for me. Your motivation in these difficult times of the pandemic had helped me a lot to enhance my performance. The regular chapterwise tests and in the end full syllabus tests were really helpful for me to achieve perfection. Thanks a lot ma'am.
