## The FIITJEE Way

### The Value System

FIITJEE Value System revolves around Truth, Transparency & Commitment. Whatever we think, we say & whatever we say, we do. We present to you what we actually are.

### The Quality

We never compromise on quality. Our penchant and pursuit of quality is evident in our every activity, in all our actions, at all times, everywhere.

### Best Faculty

Every institute for IIT-JEE training worth its name tries to get a FIITJEE faculty. We are the only institute that follows a very strong, systematic & objective selection and training process before a teacher becomes a FIITJEE faculty. FIITJEE has a pool of more than 1700 very competent full-time faculty ensuring you get highly effective teachers in all the subjects throughout your studies.

### Pattern Proof Teaching Methodology

FIITJEE has always been preparing Students in a fundamental way. FIITJEE has been teaching in a comprehensive way so that Students do well in IIT-JEE (irrespective of the pattern), Boards, NTSE, KVPY, Olympiads and Other Engineering Entrance Exams. For the last many years our Students have been securing admissions in the top 10 US Universities where admission is based on the performance of School + Last Board Exam and SAT-I, SAT-II, AP Exams & TOEFL.

Testing pattern of IIT-JEE keeps on changing but the key aspect of the test is to judge the analytical ability of the aspirants along with the understanding of fundamentals.

Students having sound understanding of fundamental concepts & practising persistently with all types of problems will always outperform Students who are only confining their preparation to the pattern rather than understanding the concepts.

### Comprehensive Study Material

The fact that every publisher / institute refers to our Study Material & JEE Solutions while creating their books / solutions / study material is a testimony to our quality. There is a bit of FIITJEE in everybody associated with IIT-JEE, be it Students, coaching institutes or publications. Ask any Student successful in IIT-JEE & explore the truth yourself. Our Study Material is Pattern Proof i.e. Students are prepared for the IIT-JEE irrespective of any type of pattern.

### Enabling Infrastructure

We strongly believe in the fact that the environment in which a Student studies is equally important for effective learning. We ensure our Students study in an enabling environment equipped with proper Classrooms to keep them stress free.

### Personalized Coaching

Individual attention is given to each and every Student irrespective of one's standing in the merit at any point of time. We never increase our batch size beyond a limit, this facilitates proper Student-Faculty interaction. Our faculty is always willing to clear doubts of Students even individually, if required.

~ Success is a synonym of FIITJEE Programs ~

## The FIITJEE Way

### The Winning Methodology

Our Methodology makes the Students capable of creatively resolve complex & tricky problems by improving and sharpening their analytical skills & parallel thinking processes. We develop and share the right strategies from time to time to optimize Students' output.

### Innovative Programs & Concepts

Innovation is the essence at FIITJEE. PINNACLE, SUPREME & UDAYA Plus Programs are already revolutionizing school education in India. We are the pioneers in designing a specific IQ Test to test the temperament and potential of a Student for JEE Advanced. The Student's score in this test helps us judge his / her potential in the beginning itself and the level of input required for his / her success. This makes our Classroom Programs very effective as we know in advance the level of input needed for different Students. FIITJEE is the only institute in India having the capability to predict Rank Potential Index (RPI) / Success Potential Index (SPI) of a Student & constantly encourage our Students to emulate them.

### The Total Success Approach

Even though our programs aim at JEE Advanced, we prepare Students comprehensively also for KVPY, SAT, Olympiads, NTSE and all other important Engineering Entrance Exams including JEE Main / BIT-SAT / VITEEE / CET (Karnataka) / CET (G.G.S.I.P. University) / BVP (Pune) / EAMCET (Andhra Pradesh) / KEAM (Kerala) / UPSEE / MP PET (Madhya Pradesh) / CG PET (Chhattisgarh) / RPET (Rajasthan) / BCECE (Bihar) / WBJEE (West Bengal) / AMUEEE / J&K CET / JCECE (Jharkhand) etc too.

### Research & Development

Our Research and Development team works round the clock to ensure that our teaching methodology, study material and course structure is upto date. This committed team keeps a keen eye on the latest developments and changes in the JEE Advanced, JEE Main, other prestigious Engineering Entrance Exams / Olympiads / NTSE / KVPY and swiftly incorporates them in our course curriculum.

~ Allow our Commitment to change your Destiny ~

## The FIITJEE Journey

FIITJEE was created in 1992 by the vision and toil of Mr. D. K. Goel, a Mechanical Engineering Graduate from IIT Delhi. We had a very humble beginning as a forum for IIT-JEE, with a vision to provide an ideal launch pad for serious JEE aspirants. Along the way to realization of this vision, we went beyond merely coaching for IIT-JEE. We actually started to make a difference in the way Students think and approach problems. We started to develop ways to enhance Students' IQ. We started to leave an indelible mark on the Students who have undergone FIITJEE training. We started changing lives. And all this was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer benchmarks of excellence, which enabled us and our Students to achieve what we have achieved. Today, aiming for the unachievable and continuously raising the bar has become a part of the FIITJEE DNA.

The Success of our Students was inspiring and so was their faith in FIITJEE. It was this faith that was a catalyst for our venturing into areas beyond IIT-JEE. It was this faith that prompted us to embark on a mission to provide **Wholesome School Education** to Students through FIITJEE Integrated School Programs like **UDAYA Plus, SUPREME & PINNACLE**, in a way so that there was no need for any type of coaching outside of the School System. In addition to the launch of **FIITJEE Junior Colleges in Bhubaneswar, Hyderabad, Vijayawada & Visakhapatnam** many like-minded Schools across the Country joined hands with us in this Student centric endeavor to create **Ideal School Education** platform for Students to get admission in IITs & US Universities without stress & tension along with huge success in Olympiads, SAT-I & SAT-II. And it was this faith only that again enabled us to create landmark success in NTSE.

And it is this very faith that has again inspired us to provide a platform for Students aspiring for admission to US Universities in form of USA UnivQuest - a comprehensive program taking care of all aspects of the preparation – in the same old, trusted FIITJEE way. Launch of **FIITJEE World Schools at Hyderabad** was a concentrated effort in that direction, where Students are being trained for the best in the world through methodologies and practices that are truly world Class. Students in other select cities will also have an opportunity for preparing for admission to US Universities through USA UnivQuest School Integrated Programs to be run in collaboration with our Select Associate Schools.

**This Journey from just an IIT-JEE Coaching Institute, to the most powerful brand in serious education has been exhilarating. However, the Journey is not over yet. For us at FIITJEE, The Journey will never be over... For us, this Journey itself is the destination.**

**Mr. D. K. Goel**

(Founder Chairman and Chief Mentor)

## Important Details

Our admission test papers have not been restricted to a certain syllabi to ensure that students are not able to enhance their performance significantly by working only for a few weeks / days. A student who has worked hard in a thoughtful manner with sustained motivation over the years will do better than others. With this we come to know one's real potential for Competitive Entrance Exams over others. Like IIT-JEE / Other prestigious competitive exams, our tests are low scoring. The technique to succeed is to improve your strike rate i.e. focusing on correct solutions rather than attempting all questions.

Students registering for Admission Test can download Free Sample Papers from our website.

Log on to [www.fiitjee.com/samplepapers.htm](http://www.fiitjee.com/samplepapers.htm) with your Registration Number and Web Access Code as printed on the Admission Test Hall Ticket. Please ensure that you enter your correct details on the website.

## Major Features of Classroom / Integrated School Programs

FIITJEE Classroom / Integrated School Programs are unique in themselves as they ensure the best possible result depending upon the basic potential of the Student and his / her ability to work hard.

The methodology developed by us and which is followed in our Classroom / Integrated School Programs for JEE Advanced preparation lays emphasis on making the Students imbibe the fundamental concepts of Science & Maths and on sharpening their analytical skills and parallel thinking process.

This makes them capable of creatively resolving complex and tricky problems by mere application of basic concepts. FIITJEE's experience is that the IQ level of the Students is raised significantly in the process.

## Integrated School Programs (Not for Profit Initiative)

FIITJEE Integrated School Programs are a dream of FIITJEE team to bring renaissance in the Indian Education System and we try to move towards Ideal School Education. **Being a private initiative at highly subsidised course fee, the seats for all integrated school programs are limited.**

Our Integrated School Programs have the capability to help Students of Class VII, VIII, IX, X, XI & XII to achieve - Overall Academic Excellence in Class X & XII Boards, State level science & scholarship tests, NTSE, JEE Advanced, JEE Main in a single system within regular school hours thus bringing in tremendous focus & reduce undue stress.

### What is an Integrated School Program ?

- ♦ A study program with a synergistic approach to both the School / Board studies as well as JEE Advanced, JEE Main, Other Engineering Entrance Exams preparation.
- ♦ A program for School / Board studies as well as JEE Advanced, JEE Main, Other Engineering Entrance Exam Preparation - that will complement each other.
- ♦ A program that will prepare Students extremely well not only for JEE Advanced, JEE Main, Other Engineering Entrance Exams but also for School / Board exams as well.
- ♦ A study plan that will ease out the pressure of time (or the feeling for the lack of it) for the Student, unlocking lots of extra time, giving enough time for self studies, which a Student would not have got otherwise and also giving him sufficient time for co-curricular activities, self study, sports, social activities etc. which are so important for his / her personality development.
- ♦ A program that eliminates the opposite pressure forces on the Student.

### Benefits to the Students

- ♦ Students enrolling in this program will have an integrated study plan.
- ♦ The studies for both School / Board as well as JEE Advanced, JEE Main will be controlled and executed by FIITJEE.
- ♦ This would mean that the Student would not be going through two separate schedules and Classes for the same subject.
- ♦ Complete Lab and other support will be provided to the Students.
- ♦ Integrated School Programs would provide thrust for the Students to participate in co-curricular activities, sports, social activities etc which are very important for their personality development.

### FIITJEE & the Associate School will also aim for :

1. Proficient & Confident Communication ability for each & every Student.
2. Inculcating Sports / Exercises as a discipline for Physical Fitness throughout the life for each Student.
3. Improvement of Memory & IQ, Mental, Physical & Spiritual well being, Awareness & growth with intensive Yoga & Meditation for each Student.
4. Instilling Indian Culture & Values in each Student, not to learn all this as History & Geography but learn to live like that.
5. Developing personality traits (Focus, Effective Communication, Leadership Ability, Determination, Strategic Planning, Pro-active Approach, Handling Failures, Stress, etc.) & Positive Attitude required for success. (This is what corporate sector tries to teach employees who are 25 - 55+ years of age and hardly respond to changes required).

## Classroom Program for Students of **Class 9**

IITs have restricted the number of attempts for JEE Advanced. Students just have two chances – one just after the XII board exams and the second immediately in the next year. They should try to succeed in IIT-JEE in the first attempt itself and not take unnecessary pressure as uncertainty of ill-health or any accidents while appearing for the second & last attempt could be too risky. Till the eighties, it was alright if you started your preparation just after XI and at the beginning of XII, but even then to get Top Ranks you had to begin your preparation at the commencement of XI itself. In late nineties it became a norm to start preparation at the beginning of Class XI and devote at least two years to train rigorously for IIT-JEE.

Now, with the increase in competition and keeping in mind that only two chances are available, only the very talented Students can succeed by starting their IIT-JEE training in Class XI. But, if you do not have an inborn spark that can put you amongst Top performing Students in JEE you have no other choice but to start as early as Class IX to achieve the desired success in IIT-JEE.

For example, if a physically disabled sister / brother of present FIITJEE Student who is already enrolled in any Classroom Program qualifies in our Admission Test with a scholarship of 50% on Tuition Fee and if the Tuition Fee of the Classroom program offered to the Student is Rs. 10,000/- , the final Tuition fee payable by the Student will be calculated as follows

1. Rs. 10,000 less 50% scholarship = Rs. 5,000/-
2. Rs. 5,000 less 25% (Physical Disability Waiver) = Rs. 3,750/-
3. Rs. 3,750 less 10% (Sibling concession)= Rs. 3,375/-

So, the actual Tuition Fee payable by the said Student will be Rs. 3,375/- plus applicable Service Tax.

Preparing well for JEE is one thing and transforming the knowledge & skills into success on the JEE day is another. Many Students are not able to adopt the right approach and proper examination temperament, as they do not have the right feedback on their preparation. If you fail in JEE it is a permanent loss, which is irreparable and mistakes committed are uncorrectable. Test Series will teach you how not to fail. It is an opportunity for you to ensure that you convert your skills into success on the JEE day. Test analysis worksheets are provided to help the Students realize:

- ❖ Correlation between percentage of marks attempted & marks obtained.
- ❖ Silly mistakes, which could have been avoided.
- ❖ Psychological temperament required to perform optimally in the exam.

Level of difficulty in the tests is changed strategically to prepare Students for all types of papers - very difficult to relatively easy ones. It has been observed that JEE papers have been coming up with a different kind of content in one or the other subject in terms of level of difficulty & style of the paper. FIITJEE Test Series (with Concept Strengthening Classroom Program) will ensure you do not suffer any setbacks due to these fluctuating trends. The quality of our test papers is evident from the fact that many questions of JEE 1995 to 2014 are either identical or similar to questions, which were part of tests conducted by FIITJEE.

### **Concept Strengthening Classroom Program (CSCP)**

Test series test will be followed by a Concept Strengthening & Test Analysis cum doubt removal program in each subject of Physics, Chemistry and Mathematics conducted by expert FIITJEE faculty members. The key points of this program will be as follows:

- Subject discussion of each paper with emphasis on several ways of attempting a question, wherever possible.
- How to improve strike rate & how to overcome the mistakes that a Student often makes during the exam will also be discussed.
- Strategy to attempt the paper of any different difficulty level or pattern.
- Eliminating conceptual doubts, plugging the loopholes related to the papers.
- Strategies for time management during preparation and on the day of the exam.

**Eligibility Criterion :** Candidates must have secured 75% marks in (Science + Maths) / PCM in X or XII from CBSE, ICSE, Andhra Pradesh, Anglo Indian, Haryana, Kerala, Maharashtra, Telangana, Tamil Nadu and West Bengal Boards. 70% marks in (Science + Maths) / PCM in X or XII from other Boards. India still continues to struggle with various problems, prominent ones being fast rising population, environmental pollution & diseases, not very relevant school education and large population of children being deprived of education at all and poverty. And no change in such situation can be brought in without creating and enabling further change agents. Having noticed a great zeal for entrepreneurship, **we have decided to help our meritorious Students entering IITs with huge financial support.** This financial support i.e. rewards, in most cases, will not only be able to pay for their expenses at the IITs but also make available enough seed capital to start a new age venture.

WE ARE CHANGING LIVES

WE ARE – FIITJEE WORLD SCHOOLS

**FIITJEE**  
**WORLD SCHOOL**

**World Class Education for Class VI to X**

...Becoming **FIITJEE World School** Student is the first step in turning your invisible dream of studying in a **World Top University** or in an **IIT** into the visible..

[www.fiitjeeworldschool.com](http://www.fiitjeeworldschool.com)

**FIITJEE**  
WORLD SCHOOL

**FIITJEE continuing with its tradition of innovation and setting new benchmarks in the education domain has conceptualized and embarked onto the path of establishing FIITJEE World Schools for Students of Class VI, VII, VIII, IX & X. Established under the aegis of FIITJEE Foundation, FIITJEE World Schools is a concentrated effort towards preparing Students for admission to World's Top Universities & IITs within the regular school timings.**

#### **Our Main Aim**

**Prepare Students comprehensively to compete in all scholastic / competitive exams relevant for that Class.**

- To facilitate Student's success in various competitive & scholastic exams in India e.g. NTSE / National Science Olympiads / JEE Advanced / JEE Main / KVPY / CPT / CAT / JIPMER / AIPMT etc. and enable Students to secure admission in World's Top Prestigious Colleges / Universities.
- Students will be prepared extensively for SAT, SAT Subject Tests, Advanced Placement Tests (US College Board) and TOEFL for admission into colleges / institutes / universities ahead of IITs in the World Rankings.

#### **Ideal School Education**

...is one where you do not have to make choices. Choices between performance in boards or competitive exams. Choices between academics and extracurricular activities. Choices between learning and remembering. And most importantly choices between enjoying education and not being stressed by it.

Ideal School Education is one with a holistic approach that is comprehensive, so that there is no need for any sort of coaching / tuitions / supplementary support services. Where the goal is not just good marks in the Board exams and, in the pursuance of this goal, other areas like competitive exam preparation etc. are not neglected / discouraged. Where a child is not stressed during the pursuit of a good performance in the board exams and in the competitive exams. And where the child is able to deliver his / her best in both – boards as well as competitions – that too by having to go through a single system of learning. Where the extracurricular activities are in consonance with the overall objective of wholesome education – making Students ready for global careers as well as enabling them to conduct their lives in a much desired, honest, ethical and truthful manner.

### Enhancing IQ and Raising Competition

#### Internal Competition and Appraisal Programme (ICAP)

Our weekly objective test (based on micro-scheduled teaching during that week) helps children in continual learning and grading where the child is not burdened just before the exam to learn many things.

Thus a Student in FIITJEE World School is NEVER unhappy or tensed about any exam as learning is a constant UPGRADING, ENRICHING, and ENTHRALLING experience.

#### Individual Assessment and Development Programme (IADP)

This is our month end exam which is based on the month long learning of the child in different subjects. This is a Subjective Paper designed to hone the writing skills of the child.

#### Visual and Performing Arts as a medium of Relaxation

Arts of different mediums in our Schools (Painting, Music, Dance) is for relaxation so that they improve Student's classroom performance. They are forms of giving an output to their parallel medium of communication.

*Games like Spell-O and Chess are introduced to keep their concentration sharp*

*On an everyday basis we have Yoga and Meditation classes which helps children to relax and concentrate better in their classes*

#### Inter-House Competitions

The Schools are divided into four houses where in at regular intervals competitions like Debates, Declamation, Quiz, Dancing, Singing, Theatre, Bulletin Board etc. are being conducted.

### Extra Curricular

#### Creating Global Indian Citizens

Recognizing the fact that Schools need to play a proactive role in nurturing and developing personalities and preparing the Students as global citizens with a strong grounding in Indian Value system, FIITJEE World Schools aim for:

1. Proficient & Confident Communication ability for each and every Student.
2. Inculcating Sports / Exercises as a discipline for physical fitness throughout the life of each Student.
3. Improvement of Memory, IQ, Mental, Physical & Spiritual well being, Awareness & growth through Intensive Yoga & Meditation for each Student.
4. Instilling Indian Culture and Values in each Student, not to learn all this as History & Geography but learn to live like that.
5. Developing personality traits (Focus, Effective Communication, Leadership Ability, Determination, Strategic Planning, Pro-active Approach, Handling Failures, Stress and Positive Attitude required etc.) for success. (This is what corporate sector tries to teach employees who are 25 - 55+ years of age and hardly respond to changes required).

#### Individual Development Program (IDP)

- In FIITJEE World Schools, irrespective of IQ levels of the children, best learning environment is provided for nurturing their inherent talents and honing their skills.
- Recognizing the major anomalies in the current education system, FIITJEE World School has come up with a unique Individual Development Program (IDP).
- IDP through an ongoing Mentorship endeavours to provide equal opportunities to every single Student.
- The Mentorship is individualized and its sole objective is to identify, develop and enhance the inherent talent / skills in every single Student.
- Not restricted to the academic aspects only, IDP ensures the development of the core soft / life skills of the Students.

#### Residential Facilities

Hostel facilities that promote a sense of well-being among children in a conducive environment to nourish them and enable them to blossom into ideal human beings.
