About the PMP® Credential

The Project Management Professional (PMP®) credential demonstrates excellence in the field by meeting standard requirements established by global practitioners. It also ensures a level of knowledge and skill in leading and directing project teams and in delivering project results within the constraints of schedule, budget, and resources.

The PMP® credential is issued by Project Management Institute (PMI®), which is the world's leading project management professional association. Visit PMI.org for more information about PMI® and the PMP® credential.
