## To whom so ever it may concern

Prof Rajesh Choudhary, having over 25 years' experience in Manufacturing, IT & Financial sectors, in Leadership Positions in Large Organisations like Tata Steel, Tata Consultancy Services, Infosys Technologies & HSBC with expertise in conducting Executive Development Programs, Assessments, Mentoring and Counselling, has been associated with us since 2013 as a visiting faculty teaching Specialization papers. Our students have cherished his sessions, especially his guidance and advice on career placement.

His desire to provide career guidance in management advising students to pursue programs like MBA is recognized and appreciated. We have no hesitation in saying to prospective students that his counselling will be highly beneficial. We wish him success.
