

MY THOUGHTS, MY VISION.

AS YOU GOT TO SEE IN ORDER TO BELIEVE,

**THAT ONLY IF I CAN THINK AND SAY, I WILL ALSO HELP YOU SAY AND IN THE
BEST MANNER WILL YOU STAND TO SAY WHAT YOU WANT TO SAY AND DISPLAY!**

**After romancing the idea of success, you have to work at it in a lance,
that is possible only if you take a chance and work at your performance to
enhance
or all your life you will just glance and prance.
Eventually wasting all opportunities, to take a stance
alone you'll end up to dance or romance, as nobody is even interested in your
sob stories
for now they have reached the pinnacle of their success well in advance.**

**Nothing in life is for free,
and the one who believes in giving for 'free' is only thee.
We are humans who believe and even find relief in barter.
Those who falsely project not to believe in barter, actually collect tarter.
If you are the one to believe in barter "at-least for now, let us both exchange our
smiles as a starter.**

**Life is not all about who said to whom and neither worrying about how it
happened and to whom it saddened?
Life is all about,
hey! It has happened and together we'll face the gloom or make this only our
boon.
Until we all don't get to rejoice or witness a bloom..
Life is just the way you receive and perceive it.
Either dismay or doom or
zip, zap, zoom, now let's bury all the dark shadows that loom.**
