Why Petaa Bytes:

- Petaa Bytes is one of the leading institute in Mumbai for Big Data and Hadoop
- Reasonable fees compared to other institutes, that too with better quality training
- Instructors are CLOUDERA certified and well experienced
- We train you to become Hadoop Expert and not merely to learn Basic Hadoop Concepts

Take Away from the Hadoop Course

- Master the concepts of Hadoop Distributed File System and Map Reduce Concepts
- Setup a Hadoop Cluster
- Write MapReduce Code in Java
- Understand Multiple File Formats and how to create Custom Input Format
- Perform Data Analytics using Pig and Hive
- Understand Data Loading Techniques using Sqoop and Flume
- Implement HBase, Advanced Usage and Advanced Indexing
- Use Apache Oozie to Schedule and Manage Hadoop Jobs
- Implement best Practices for Hadoop Development and Debugging
- Develop a working Hadoop Architecture
- Work on a Real Life Project on Big Data Analytics and gain Hands on Project Experience

Location :

- Airoli (Near Railway Station) and
- Andheri West (Walking Distance from D. N.Nagar Metra Station)
