

Academic Session 2016-17

An Institution with heritage of TRUST Since Its Inception

CSIR NET | GATE | SET | TIFR

LIFE SCIENCE

Knowing your destiny is half of your journey

And for rest to cover join us...

Mc Square Education Pvt.Ltd.is the pioneer institution in Maharashtra to prepare student for CSIR-UGC-NET Life Science, NET Chemical Science ,GATE Life Science, GATE Biotechnology ,GATE Chemistry and all other National Level entrance examination Conducted by different research institute in India for PhD admission. Mc Square Education established with a vision to promote higher education in India by imparting Quality Coaching for aspiring life Science & Chemical science Students.

MISSION

We are committed to assure learning experience that will assist our student to achieve their greatest potential.

VALUES

We never compromise on quality and all our system believes in Transparency and commitment.

PILLARS OF MC SQUARE EDUCATION

Understanding the difficulties of cracking the CSIR-NET Exam, we design our programs with help of our specialized faculties from top research institute in India to guide the students with different segments of Life Science Subject which are included in CSIR-NET Life science, GATE Biotechnology/Life science or Other related exams.

CSIR NET Life Science Coaching for JUNE 2016 EXAM

REGULAR PROGRAM

A Comprehensive package of around 300 lectures of 2 hrs each is dedicated to CSIR-NET Aspirants to deal and understand minute Concept of the Subjects. All our faculties are CSIR UGC-NET qualified and they understand the difficulties faced by CSIR-NET Aspirants and accordingly design their lectures covering all essential topics. We Schedule our classes such that the whole syllabus Covered in the Specific time frame .This include a series of test to evaluate the progress of Candidate. Our faculties also dedicate time to guide the students to face the interviews held at various research institutes for PhD programs.

Topic to be covered:

Biochemistry, cell biology, molecular biology, Immunology, genetics, plant physiology, animal physiology, evolution, developmental biology , methods in biology & Section A.

Course Duration : 6 month

Lectures frequency: 5 days / week

Fee:33000/-(Including test series & course material*)

A name synonymous with TRUST & EXCELLENCE

Highlight of Regular Program:

1. Small Batch (only 50 students).
2. Right mix of classes, problem solving and doubt clearing sessions.
3. Periodic tests (2 Test per week) on the latest CSIR pattern.
4. Revolutionized teaching methodology using 2D, 3D animation.
5. Customized Teaching methodology to provide exclusive teaching to each & every student for better results.

WEEKEND PROGRAM

This program is dedicated for those CSIR –NET Exam aspirant who are notable to join our regular program. A comprehensive 200 lecture* 2hr is planned under this program covering Biochemistry, molecular biology, Immunology, genetics, Method in Biology, evolution & Section A.

Course Duration : 6 month

Lectures frequency: SAT & SUN (10AM-8PM)

Fee : 25000/- (Including test series & course material*)

CRASH COURSE

This is a fast track course designed to support those student who have already done their basic and want more practice and doubt clearance to achieve success in shortest possible time. This course includes theory classes, theory notes, practice sheets, scheduled test series and problem solving and doubt removal sessions. This course covers the complete syllabus in a very quick, effective and sequential manner considering the requirement of student enrolled in this program.

Course Duration : 45-50 Days

TOPIC TO BE COVERED : molecular bio, Immunology, plant physiology, Genetics, Evolution, Ecology & Section 'A'.

Freq. of Lecture : MON, TUE, WED, SATURDAY & SUNDAY

Fee : 17000/- (*Including test series & course material)
