

## DynEd Course details..

**LET'S GO:** DynEd's most award-winning program, based on the series from Oxford University Press, provides vital practice for 4-10 year olds in listening, vocabulary, grammar, conversation, and phonics. With songs by Carolyn Graham.

**DYNED KIDS:** Bridging *Let's Go* and *First English* skill levels, DK introduces 7-10 year olds to academic English following the DynEd Kids through their school day adventures using dialogs, games, and interactive exercises to build all four language skills.

**FIRST ENGLISH:** An award-winning course for absolute beginners, age 10 and up. Based on neuroscientific research, *FE* builds listening, speaking, vocabulary, grammar, and reading skills in an effective sequence, preparing students for *EFS*:

**ENGLISH FOR SUCCESS:** Designed for 11+ year olds, *EFS* has a comprehensive, content-based syllabus that covers English for school subjects such as math, science, geography, and history, as well a general English for school life and related situations.

**READING FOR SUCCESS:** Reading course with a variety of texts related to each unit of English *for Success*, designed to develop academic reading skills and vocabulary for students who have already developed basic oral fluency skills.

**NEW DYNAMIC ENGLISH:** DynEd's most comprehensive core general English course for students of all ages, from beginning to advanced levels. With Speech Recognition, Placement & Mastery Tests, and our award-winning Records Manager.

**THE LOST SECRET:** Based on the BBC course of the same name, this video-based British English course is perfect to accompany *New Dynamic English*, providing variety and additional listening, speaking, vocabulary, and grammar practice.

**ENGLISH BY THE NUMBERS:** Focusing on the difficult area of quantitative English, *EBTN* provides an in-depth overview of numbers, fractions, decimals, operations like multiplication and division, and the crucial language of trends as used in sales charts.

**DYNAMIC BUSINESS ENGLISH:** Partnered with *Functioning in Business*, *DBE* provides 6 core intermediate level modules covering Company Descriptions, Work Experience, Manufacturing & Trade, Product Comparisons, and Strategic Planning.

**FUNCTIONING IN BUSINESS:** Providing a perfect balance to the grammatical focus of *DBE*, this video-based course focused on functions follows a businessman's trip to the US from checking in to a hotel and making appointments to negotiating a contract.

**CLEAR SPEECH WORKS:** This pronunciation and accent improvement course is a supplementary title developed at Boston's Northeastern University designed to help students communicate effectively, with confidence and clarity.

**TEST MOUNTAIN:** This powerful but enjoyable course is designed to help upper-intermediate to advanced level students prepare for standardized English language proficiency tests such as the TOEIC® and the TOEFL® exams.

**ADVANCED LISTENING:** Based on authentic, video-taped lectures from Stanford University professors on a wide variety of topics, AL helps students developing advanced listening strategies, vocabulary, and grammar.

**DIALOGUE:** An advanced listening course based on interviews broadcast on China Central Television (CCTV) of international experts on topics of general interest to help learners prepare for university lectures, discussions, and international conferences.

**HOSPITALITY ENGLISH:** A DynEd ESP module designed to supplement *NDE*, *DBE*, and *FIB*, *HE* focuses on essential language for those in the hotel and tourist industry. 6 units: Front Desk, Bar & Restaurant, Cashier, Guest Services, Sales, etc.

**AVIATION ENGLISH:** A supplementary ESP course designed to help pilots and air traffic controllers reach and surpass ICAO Level 4 “Operational” English proficiency, emphasizing the oral skills of listening and speaking.

**SPEAKING PRACTICE FOR CABIN CREW:** A supplement to our General English courses designed to help flight attendants make clearer routine announcements, respond more easily to passenger requests, and communicate in unusual situations

**DYNED TEACHER TRAINING COURSE: *Teaching English: A Brain-based Approach:*** Designed to help teachers understand DynEd’s language learning theory, RHR, and all aspects of implementing and using DynEd’s courseware and Records Manager.
