

Studying in Scholars Academy for the past two years has been one of the finest experience one can have aspiring for IIT-JEE.

I joined Two-Year Classroom program at Paschim Vihar centre. Being taught by such highly qualified faculty comprising Sudhanshu Bajaj sir, Tripathi sir and Raja Sir was a blessing. Timely feedback and proper guidance has been the key to success. Doubt removal and organisation of classes at appropriate timings has helped me achieve this.

I personally feel that one need to give maximum no. of tests and analyse them, so as to succeed and do better. AIETS at Scholars Academy is one of the finest test-series I have ever come across. It provided me with ranks everytime which held me and urged to work harder.

Study-material overhere is itself a sufficient package to prepare for such an exam. We used to study in groups and discuss our doubt with teachers.

I am highly obliged to Scholars Academy, especially Sudhanshu Sir whose presence was irreplaceable for this journey.
