"I had an awesome experience with Katalyze. They improved my communication skills and also enhanced my confidence level. I am very much thankful to my trainer, Ms. Meenakshi, the director of Katalyze, for her excellent teaching.

I can confidently say that Katalyze is the best place for Communication Skills."

"I am Siva from Infosys Bangalore. I trained with Meenakshi for Business English. It took us a few months, but now I have improved my English significantly and am able to recognise grammatical errors if any. She is very friendly in nature and cleared all my questions/doubts in a detailed way and with lots of practical examples.

She used unique techniques to improve my spoken English and vocabulary and I highly recommend her to all who are looking to enhance their communication skills. She is very punctual and extremely meticulous about her sessions."

I work for a top Multi National in Hyderabad. Although, I am technically very strong, I was not able to showcase my skills in office and was scared of attending phone conferences with on-site teams. I had this fear of English that held me back. I tried several places for improving my communication skills and literally broke my back, but did not see any changes. Providentially, I attended a Katalyze Workshop in February, 2014 and decided to train with Meenakshi. Astonishingly within a month I was confident and could interact freely at work. Then I realized. The course pattern is unique and engaging. It effectively handles all areas such as communication skills, emails, presentation skills as well as personality development. The course starts with Phrases and Expression and the trainer (Meenakshi) is persistent. I really appreciate her and am thankful to her for her help.

I am very pleased to share my happiness.

"I would like to take this opportunity to thank you for conducting the workshop on "Dining Etiquette" for classes IV to IX in Jaypee Public School, Noida on 24th, May, 2014. The workshop was a success and was appreciated by the participating students and faculty members.

The participants significantly benefited with the activity and knowledge shared during workshop.

Our school appreciates your time dedicated and contribution in inducing social etiquette in our students. Looking forward for more workshops."

"This letter is with regards to Meenakshi Sood whose efforts and dedication have helped me improve my communication skills and day to day spoken English. I am working in a real estate company as an Executive Director, handling all aspects of the company which include Finance, Marketing and Sales, HR Operations, etc. In this cut throat competition we have to survive on clients who invest in projects. Earlier I was unable to consolidate these clients due to lack of communication skills. I got her reference from a friend and enrolled in the Katalyze Communication Program for two months. I am now extremely comfortable with the language and would like to recommend Meenakshi. Without her efforts, I would not have been able to achieve this."

-NIRMAL VASWANI, EXECUTIVE DIRECTOR, SKYLINE INFRATECH PVT LTD

"The teaching procedure of Katalyze is excellent. Meenakshi is in a league of her own. I definitely believe that she can take anyone to the next level within a short span."

-Dr. Gitanjali Saha, Calcutta

"I learnt so much in two months. Vocabulary, phrases, skills related to listening, reading and communication. Now I can easily talk in English without any hesitation. They have well structured material and they modify their sessions based on individual needs. I CAN GIVE 10 ON 10 BECAUSE I LEARNT MORE THAN WHAT I EXPECTED."
