

CIO is on a mission on:

- Identifying of Underprivileged children with exceptional Talent, and supporting them in all aspects to nurture and develop their skills to enable them to make a mark in the society.
- Partnering with institutions, engaged in imparting knowledge to children, for introducing co-curricular activities of various natures with a focus on their holistic development.
- Engaging with senior citizen based groups/Organizations, with an aim to introduce recreational activities for the physical and mental well being of the elderly members of the society.

CIO is managed by individual who have an inclination towards to creativity and out of box thinking for ideas which aid in bringing the best out your child, thus contributing in the wellbeing of the society.
