2. Describe a risk you have taken which had a positive result.

- What it was?
- Why you took it?
- What the result was?
- How you felt about it?

- We all take risks in our life.
- Sometimes we realise we are taking a risk, and sometimes we don't even realise that we are taking a risk.
- For instance, crossing a busy road is also taking a risk and boarding a train which has started is also taking a risk.
- In these situations we don't even realise that we are taking risks.
- Here, I would like to talk about a situation when I took a risk and it had a positive result.
- I have a pet dog, Nora, whom I take for a walk in the evening every day.
- It's a toy breed, shih tzu.
- Our neighbours have a German shepherd, Bruno, which is very aggressive.
- Everyone in our street is afraid of that dog.
- Even I am very afraid of that dog.
- They tell all of us not to be afraid of their dog as it is well trained and would not harm any known person.
- But Bruno's growl is worse than the Corona pandemic.
- Normally they keep their dog leashed all the time.
- One day, as I was walking in the street with Nora, Bruno escaped and came running towards us.
- Nora ran the other side and her leash slipped from my hand.
- I knew I had to act quickly and save Nora.
- I came between that dog and Nora.
- In that one second, I could imagine myself being bitten at several places and blood oozing out from all of them.
- It was a big risk, but at that moment the safety of my dear Nora was the most important thing for me.
- When I came between Bruno and Nora, I took Bruno's name in a stern voice and told him to sit.
- Surprisingly, he sat still and started wagging its tail.
- I heaved a sigh of relief.
- In the meantime, my brother had come out and Nora was safe in his arms.
- I felt so happy that I was able to save Nora.
- So, this was the risk I took which had a positive result.
