

DEPARTMENT OF BIOCHEMISTRY

This is to certify that ANANYA KUMAR
is now officially radio-labelled to our Biochemistry Family.

We welcome you to the CENTRAL DOGMA of our family where instructions are copied to second year which is then converted in third year.

"You too can be a VECTOR elector".

Biochemists unite against undefined units. I hope "U" will understand any type of equilibrium situations where you have a reaction that can be "done" or "Undone".

Don't make the standard error of not making your life count-make it mean something!

NOTE:- RNA-interference cannot be your favorite topic!
