

Introduction:

Hey thank you so much for logging into GetOnlineBuddy SEO Academy 2.0, my name is Arjunan and I will be your instructor for this course.

In this training program, first I am going to show you, “ How to get SEO results Consistently?” with any website you are working on. And then I am going to show you “2 monetization paths” that I personally had tonne of success with and also helped many others to make money online using this exact techniques.

The first money making vehicle is building “Niche Websites” and second is “Client SEO.” And this masterclass with you is the actionable steps you need to take to “A” “ get SEO results” and “B” “ make more money online using either niche websites, client SEO or both. All you need to do now is join our Facebook group because this is the best place to ask questions, you may have along the way and : am actually in the group answering questions, so please take a advantage of this.

Also fill out the short new members survey below because I love learning why members decided to join.

I am super excited to help you along with your journey and becoming a real white hat SEO expert and helping you to make more money online using the power of SEO.
