Korean Script : <u>Hangeul</u> [한글]

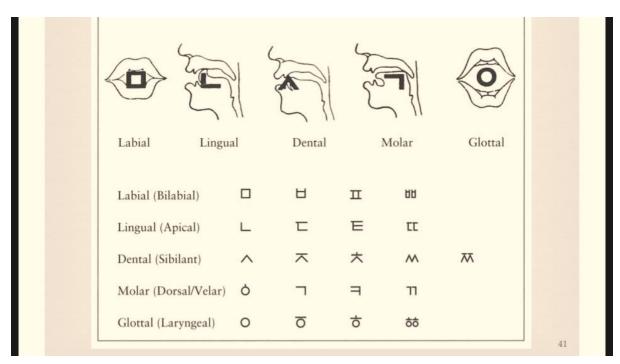

Invented by King Sejong The Great in 1446

Hangeul's original name was Hunminjeong- eum meaning "The correct sound teaching people".

It has 3 strikes:

- 1. \circ = The <u>Sky</u> is round
- 2. | = The Man is standing
- 3. = The Earth is flat

The sound of consonant and vowel in Korean Language is based on the shape of the organ and the way it is spoken.
