

Live Trading Workshop

Learn to trade and invest in stocks with guidance and instructions from the professionals
 Our experiential learning methodology will teach you how to trade in stocks and how to invest in the stock market using the required hand holding professional-level skills and strategies regardless of your experience and trading style. This course includes live trading in the markets, where you'll learn how to trade stocks online under the guidance of an expert instructor who will teach you the ins-and-outs of how to do stock trading.
