STD :- IX

SCHOOL :- K.V IIT POWAI

SUBJECT :- Maths AND Physics , Chemistry

I have studied under Ashwin Sir's tutelage for 4-months the first thing he told us that to score well we have to work as a team he also said that even one member of the team is not performing well, then it is failure of the whole team which included me and him. He works in a very systematic way which included exact time for studies and Break. This helped me to stay mentally fresh for the entire 2-2.5 hours.

PS- My message to the future student of Ashwin Sir that they have to stay sharp between Breaks as we don't want the whole team to fail/lose.
