

ANU SINHA

About:

Anu Sinha is an established kathak exponent with an aim of promoting dance, music and cultural activities. She has been performing at major national and international events in the past 20 years, and get exposure in more than 1000 events, most of them from the Government Sector.

Growing up in Jamshedpur, young Anu dreamt of learning kathak. Coming from a family where dance did not match up to a good living, and with no scope in the city for it, Anu Sinha went through the routine of life – wedding at 18 and motherhood at 21. It was only after some years, that she could finally live her dream! Anu has been learning kathak for more than two decades now, and is also successfully running her school Foundation for Krishna Kala & Education Society in Noida, where her students are aged between five and fifty. Her performances have taken her through the length and breadth of the country, and also abroad. She credits her Guru - Rajendra Kumar Gangani for it.

Having garnered name and fame, Anu's first goal was to reach out to many like her, who were caught in the rigmarole of life and couldn't pursue their 'dream'.
