

Hey Deb,

you are a great instructor, organized, responsive, patient.

I have changed in my postures in wonderful ways under your instructions and you make an impact. Thank you for listening when I called for you and being there to help.

It was really kind of you to help me out.

I thank you from bottom of my heart and my gratitude for your helping hands.

I wish you luck with everything that lies ahead and May God shower you with all happiness and luck. "No one truly knows what the future holds, I hope and wish that future has lots of happiness and prosperity in store for you.

- Swetha 😊
