

```
/* Sql Server tutorial */
/* How to create table */

create table emp_dep
(
dep_id int,
dep_name nvarchar(max),
emp_name nvarchar(max),
DOJ datetime
)

/* insert values in table */

insert into emp_dep values
(101, 'IT', 'Ritu', '10-12-2022')
insert into emp_dep values
(102, 'Admin', 'Shruti', '12-12-2022')

/* delete all data from table */
delete from emp_dep

/* delete specific data from table */
delete from emp_dep where dep_name = 'Ritu'

/* delete table */
drop table emp_dep
```
