To,
Mousami Nilakhe,
Skills Story,
Pune.

Testimonial for Life Skills Coaching.

We at **Alister Equipments** have always starved for quality and service. We have always given high priority to customer satisfaction always worked over our moto of "Customer First" and hence we expect the same from person we recommend to our client for their services.

We would like to thank and appreciate **Mousami Nilakhe**, of **Skills Story** for his services she rendered to me for my son in goal setting sessions. She is extremely dedicated and focused on her work, she understands the purpose and need to her services and makes sure that the person is benefited out of her sessions, and she is not only limited to her sessions only she keeps a good follow up and makes sure that the right practice is followed by the person. she is extremely helpful and has great skills as a life coach & soft skill trainer, will definitely recommend her.

We would always prefer her for her service and would recommend her in all our contact sphere.

Thanking you,

Adnan Master

Director – Enterprise Sale.
