

An aerial photograph of a vast blue ocean with several white-capped waves breaking. The water is a deep, vibrant blue, and the white foam of the waves contrasts sharply against it. The perspective is from directly above, looking down at the water's surface.

VEDIC MATHEMATICS

The way to unleash the mathemagician in you

Vedic maths = Magic in Mathematics.

Evolved in India. In Atharvaveda we can find information about it. The great Mathemagician Swami Bhaskar Krishna Tirthaji (1884-1960) developed this from Atharvaveda. In developed countries like England, America, Europe continent it is Used daily. To our surprise there is a school in England where Sanskrit & Vedic maths are compulsory subjects.

With the help of Vedic maths 5 to 6 digit number multiplication, squares, square roots, cubes, cube roots can be calculated accurately within 10 seconds

Simultaneous equations, (Quadratic equations), Polynomials can be solved
