Assignments

On a routine basis, we give a quantum of assignment problems at the end of every topic tutored, expecting them to be solved by the students 100% on their own! If successfully done we have achieved our goal of imparting concepts, problem solving methods. We keep track of both students and tutors performance here.

Tests / Mock test / OMR quick results

Our Fortnightly and monthly test and Campus Dreamz Mock test (cloned from actual exam papers) are the best parameters to keep track of the progress of the students. We discuss all the do-able, easy, not so easy questions in a separate session. This gives yet another edge over others to become strong and confi dent in facing exams.

Vision & Mission

IIT JEE Approach

Classroom training complemented by Basic Study Material that focuses on both concepts and techniques of problem solving. · Integrated and comprehensive coverage of XI and XII. · Regular testing to track the performance – two levels of Unit wise tests and Cumulative tests. · Revision tests – to guide the students to systematically revise and assess the student's preparedness in smaller modules.

- National level JEE Main Mock Tests and analysis
- Campus Dreamz Question Banks powered by Tutorpod – total of six exhaustive question banks, two in each subject designed separately for XI and XII portions, updated to reflect the latest JEE Main pattern – these question banks specifically expose the students to typical question models and can be used for rigorous practice.
- Courseware – comprehensive and regularly updated to capture the changes in JEE.

About NEET

All India Pre-medical/Pre-dental Medical Entrance Test is conducted by CBSE for admission to MBBS/BDS Courses under 15% All India Quota seats and also for seats under the control of participating States/ Universities/Institutions in the academic session 2014-15. Presently this entrance exam is conducted under NEET - NATIONAL ELIGIBILITY CUM ENTRANCE TEST.

NEET Approach

- Classroom training complemented by Basic Study Material that focuses on both concepts and techniques of problem solving.
- Integrated and comprehensive coverage of XI and XII.
- Two levels of tests for regular tracking of the students' understanding & performance – Unit wise tests and Cumulative tests.
- Series of Revision Test Papers for a proper and structured revision of 11th & 12th standard topics.
- National level NEET Mock Tests and analysis.
- Intensive Entrance Exam orientation after Board exams included.
- Progress Report Booklet to keep record of the student's performance in order to keep the parents updated on a continuous basis.

To inculcate the best of knowledge among school students intelligentsia and bring out their talent and skill in becoming future indian technocrats, Scientists etc., we strive for the overall excellence in them. Thus enabling the brilliant minds of the young aspirants to evolve india as a super country among the Globe.

Parents and Students Grievance cell – We maintain a system for approach by SMS, direct calls, personal meeting to solve and help the students to improve upon.

Our Offering:

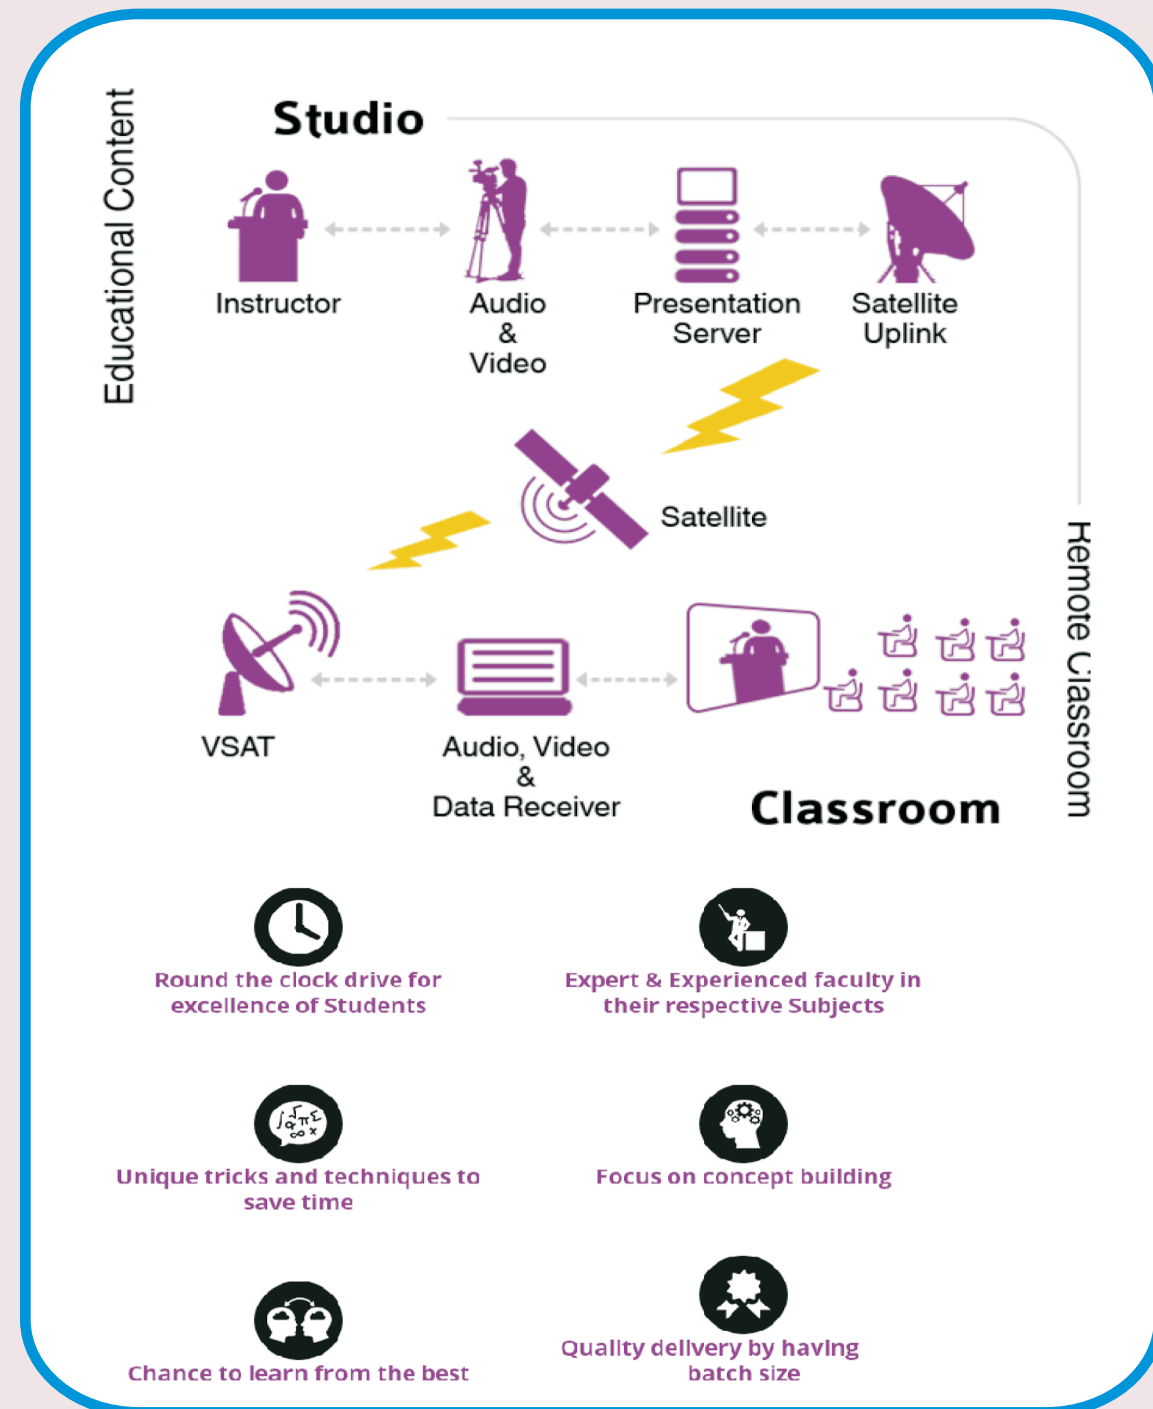

About IIT JEE

The admissions to the Undergraduate Programmers of IIT, for all Indian and Foreign nationals are made through the Joint Entrance Examination (JEE).

VSAT

Here is a pictorial explanation of the way one learns and becomes confident aspirant for all entrance exams:
Here is modus operation of VSAT

CAMPUS DREAMZ
.....turning dreams into reality

CAMPUS DREAMZ
.....turning dreams into reality

Campus Dreamz has immense pleasure and is happy to introduce the innovative system of coaching for all leading entrance examinations like JEE Main, BITSAT, NEET and other state board, accredited engineering college entrance examinations through a system of learning called VSAT coaching innovated by M/s TUTORPOD, Bangalore, Karnataka. Why we adopted this system of learning to the learning and aspiring students of Tamil Nadu who are sophomore of CBSE / State Board.

We found that:

1. One gets the best coaching and guidance by the best faculty at your venue or home.
2. There is no need to find expert coaching in and around your city or schools who are well versed in making you the successful candidate for any entrance exam, as the team of professional tutors of Tutor pod and our team of back office support both academic and technical expertise.
3. The ultimate course and question bank containing more than 8000 questions collected and analyzed from the past and most expected questions comes in printed form and supplied to each students.
4. The methods of teaching and practice have been proven success for Tutorpod the pioneer concern has already imparted more than 50 IITians this year from Karnataka only!
5. The modus operations is online, interactive and at students pace of learning.
