Date 8.01.2013

To,
Mr. M Kumar,
Grooming Excellence,
Jamshedpur.

Dear Mr. Kumar,

Lie Belies Me is the elixir, which the society was looking for. It has come to us as a silver lining to most of the problems faced by us as parents and teachers in the course of bringing up the children.

Honesty is our timeless treasure which can never be stolen. If possessed and practiced it raises us to the greatest level of dignity.

Albert Einstein had said, "Try not to become a man of success, rather become a man of values." Your "Theatrically Animated Training " is a strong step towards the goal of making this world a better place to live where parents will be proud of their children, children will be gratified with their parents and teacher will be fortunate to have all honest children to teach. I wish you a great success in your mission.

Thanks and Regards,

Headmaster

The concept 'Lie Belies Me' is very nice concept prepared by Mr. M. Kumar. Its perception is very high, authentic and effective.

Mr. Kumar had taken initiative to make us feel and listen our conscience voice that lies within us. In the rapid race of life we are losing our values, it is dying in course of time. This concept is going to differentiate between good and bad. Mr. Kumar's voice modulation is very good. His presentation is awesome, very keen observation of our thoughts, very motivative, in every step curiosity was there to listen to him.

We teachers and students enjoyed 3 hours. Mr. Kumar has a smiling personality, this attribute will lead him to achieve great success in his life ahead.

I wish him good luck.
