

ADD ON COURSES IN FRENCH :

OVERVIEW:

As the world comes to India and Indians make an impact in countries abroad, many technology professionals find that the knowledge of foreign languages gives them a definite edge over their technical counterparts. Foreign Languages courses in French, Japanese, German and Chinese to meet global needs and turn these foreign languages into an asset for those who intend to join multinational companies and look for opportunities abroad.

FRENCH

French, deemed as a global language, is widely used in Europe and Canada. The course also enhances the scope of engineering students finding placement in companies with French collaborations in India. Students can also be trained for the Level-I exam in French conducted by the French cultural center, Alliance Française, Nungambakkam, Chennai, which is internationally recognized.

In most of the universities and colleges the department of French offers a common course to all the first year students of the Faculty of Science and Humanities.

Below are a list of courses offered in reputed colleges like ETHIRAJ AND WCC :

Fundamentals of French under Part IV for second language Tamil students. From 2011-12, French for DELF is offered as a skill based course for 2nd UG students. The Department also collaborates with MCA and other PG departments offering French as a soft skill.

Also, in regards to Professional training of French the following courses can be implemented:

1. Certificate course in French (FRENCH I, FRENCH II) – Each level of 3 months duration.
2. SOFT SKILL /SKILL BASED COURSE IN FRENCH (BOTH UG & PG)
3. Preparation of International Diplomas and certifications (DELF EXAMS) – Globally recognised.
