Training

GSS Madar

April '15 – May '15 (6 weeks)

Title: Managed a Grid Sub Station

Worked with Assistant Engineer and Electrical Staff to learn about the various Electrical Equipment used in transmission and distribution of electricity and understood how they work. During this internship, we also visited a hydroelectric power plant and understood the various processes involved in generation, transmission and distribution

Project

Title: Installation of Solar Panels on Laboratory Rooftop

Solar panels were installed on top of the laboratory in order to save electricity and move towards solar power in line with Prime Minister's vision of increasing the share of renewable energy in the country. All the work from installation to transmission was handled by the team and were able to successfully complete the project.

Position of Responsibility

GEC Ajmer	<ol style="list-style-type: none">1. NCC cadet2. Member of Coordinating team of the cultural fest held in college
-----------	--
