L1, L2, L3, L4

Ukulele

L1, L2, L3, L4

Every level consists of training of minimum 3 months.

Every level has individual assessment.

Every kid should attend minimum 2 classes a week.

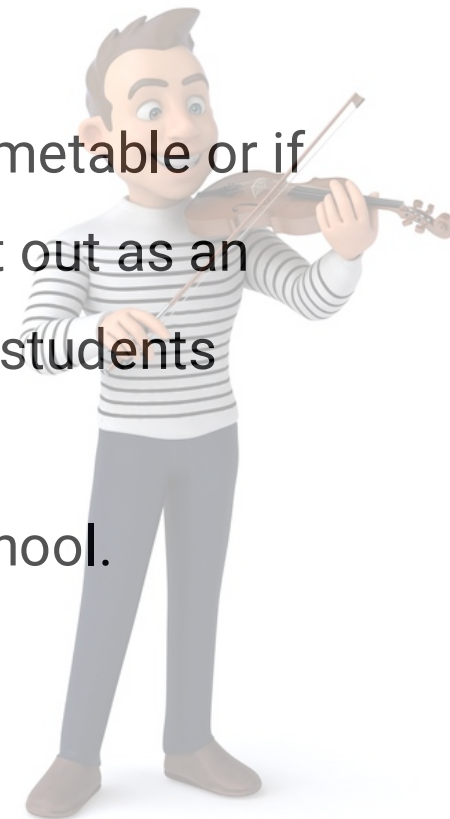

How can we go about it?

Edit with WPS Office

- ✓ We offer a perfect module that can work online as well as offline.
- ✓ If music syllabus is part of school curriculum, and if we're given the lectures within school time, we insist upon a timetable scheduled in such way that each student gets 2 classes a week.
- ✓ If school decides to pay, we would charge ₹ 3000/- per hour to school, irrespective of number of students in each hour.
- ✓ If school wants to pay per student, per hour we'd charge ₹150/- per student per hour.

- ✓ If school doesn't want to disturb the existing schedule and timetable or if paying extra for our music class isn't feasible, we can work it out as an external collaboration for music training, in which interested students only will participate.
- ✓ In this module we'll be offering 40% of overall business to school.
- ✓ In this module, we'll charge ₹2000/- per student per month.
- ✓ We also sell the instruments with quality check and warranty and at lesser price.

Our Expectation

For any module to start, school should be supporting us, by adding our representatives in each grade whatsapp and emailing groups, also if PTM is being held, we should be permitted to be there to present our music teaching modules.
